

AMULYA PR

 amulyaraghuramulu@gmail.com |  +91 9353946945 | in [LinkedIn](#)

Results-driven **Software Developer** with **2+ years of experience** building scalable web applications using **ASP.NET Core, C#, Vue.js, and SQL**. Proven ability to design and implement **RESTful APIs**, develop dynamic frontends, and optimize backend performance through efficient data access and debugging. Experienced in Agile teams, cross-functional collaboration, and delivering production-ready code with clean architecture and maintainability in mind.

Work Experience

DataZymes | Software developer

Aug '23 – Present

- Built RESTful APIs in ASP.NET Core to support scalable backend services and core platform features
- Implemented dashboards with HighCharts, migrating legacy Tableau views to interactive web-based visualizations
- Developed frontend components using Vue.js, React, and JavaScript to enhance user experience and interactivity
- Optimized LINQ queries and managed SQL Server schema updates to improve data performance and reliability
- Fixed high-priority bugs in close collaboration with QA teams, ensuring timely and stable production releases
- Documented APIs using Swagger and conducted functional testing using Postman for integration and handoffs

DataZymes | Associate

Feb '23 – Jul'23

- Worked on data analysis using Tableau, Excel, and SQL to create internal dashboards and handle structured data
- Resolved bugs and contributed minor enhancements to a .NET Core web application
- Assisted in frontend debugging and feature development using Vue.js and JavaScript
- Collaborated with developers and QA teams to test bug fixes and ensure functional delivery
- Supported API and database development using C#, LINQ, and SQL Server

Organization Projects

Intellia | Competitive Intelligence Solution for Pharma News Monitoring

- Developed features and UI components using ASP.NET Core, Vue.js, and SQL
- Built efficient RESTful APIs and optimized backend logic using LINQ to enhance data retrieval and processing
- Collaborated with cross-functional teams and clients to refine requirements and align with business goals
- Debugged and resolved critical issues, ensuring consistent platform stability across releases
- Contributed to automating pharma news workflows, reducing manual effort and improving operational efficiency

Technical Skills

Frontend React | Vue.js | JavaScript | HTML | CSS | Bootstrap | Tailwind CSS

Backend ASP.NET Core | C# | RESTful APIs | LINQ | SQL

Databases MySQL | PostgreSQL | SQL Server

Tools Git | Jira | Swagger | Postman | Visual Studio

Soft skills Time Management | Teamwork | Problem-solving | Adaptability | Attention to Detail | Communication skills | Critical Thinking

Education

B.E., Computer Science & Engineering (GPA: 8.62)

Aug '19 – May'23

Achievements & Activities

- Received **Trail Blazer Award** for exceptional contribution and quick ramp-up on a key client project
- Won internal **Hackathon** for developing a social media analytics tool focused on Healthcare Professionals (HCPs)
